

April 29 –  
May 3, 2013

## Scientific Organizers

**E. Bolthausen**

University of Zurich

**W. Hackbusch,  
J. Jost & F. Otto**

Max Planck Institute for  
Mathematics in the Sciences

## Location

**Reclam-Carrée**

Inselstraße 22  
04103 Leipzig

## Administrative Contact

**Katja Heid & Jörg Lehnert**

[Heid@mis.mpg.de](mailto:Heid@mis.mpg.de)  
[Lehnert@mis.mpg.de](mailto:Lehnert@mis.mpg.de)

# Conference on Emerging Trends in Probability Theory in Leipzig

*The goal of this conference is to provide an overview of the major recent developments in probability theory and neighboring areas. Speakers are supposed to motivate their work and embed it into a general context, talks are supposed to be also accessible to non-probabilists.*

*The format of the conference is supposed to be Oberwolfach-style, i.e. with sufficient time for questions and discussions.*

## Speakers

**Louis-Pierre Arguin**\*

Université de Montréal

**Malwina Luczak**

Queen Mary, University of London

**Vincent Beffara**

ENS de Lyon

**Jonathan C. Mattingly**

Duke University

**Thierry Bodineau**

Ecole Normale Supérieure

**Grégory Miermont**

Université Paris-Sud

**Ivan Corwin**

Massachusetts Institute of Technology

**Jeremy Quastel**

University of Toronto

**Hugo Duminil-Copin**

Université de Genève

**Sasha Sodin**

Institute for Advanced Study

**Alison M. Etheridge**

University of Oxford

**Fabio Toninelli**

Université Claude Bernard Lyon 1

**Nina Gantert**

Technische Universität München

**Vladimir Vovk**

Royal Holloway, University of London

**Antti Knowles**

Courant Institute of Mathematical Sciences
